GARFIELD CHARGES COLOSSAL FRAUDS

Wants Congress to Appropriate One Million Dollars to Get Up the Proof.

WASHINGTON, Jan. 25.—Sensational disclosures of alleged colossal frauds upon the public lands in the West are anticipated if Congress heeds the urgent appeal of Secretary of the Interior Garfield for an appropriation of $1,000,000 to be used in uncovering them.

The funds are wanted for the purpose of securing additional "sleuths" who will conduct investigations into the smaller cases of alleged "graft" in the public domain, while the older special agents, who have received thorough training in the field, will handle the more difficult cases.

An interesting phase of the case is that since Secretary Garfield made his first estimate of $500,000 for conducting the proposed investigation, reports have reached him tending to show that the frauds are so extensive and "astounding" that the original estimate will fall far short of covering the expenses which will be involved.

"There is absolute necessity for such appropriation," declares Commissioner Dennett of the general land office, in a communication to Secretary Garfield, "if the more than $100,000,000 worth of national resources now claimed to have been fraudulently acquired by corporations and individuals, shall be promptly recovered."

It is declared that while $1,000,000 may seem large, yet, in the "light of our present knowledge of lands unlawfully acquired, it is not 1 per cent of the commercial value of that which the Government may hope to get back."

The almost herculean nature of the task is strikingly shown in a statement of Chief of the Field Service Schwartz, who reports to the secretary, that "combinations are frequently so well organized, and so aided by defective public land laws, as to present an almost impossible task in securing evidence or recovering lands worth hundreds of thousands of dollars."

DEATH OF MR. WINTER.

Died at His Home of Acute Indigestion on Sunday.

News was received in this city Monday of the death of Jos. H. Winter, which occurred at his home at Waldo on Sunday morning about 10 o'clock of acute indigestion.

He had been a resident of Waldo for the past twenty years, and leaves a wife and three sons to mourn his demise. He was a prominent Mason and Odd Fellow and took an active part in their work during his life time.

To his credit it can be said that he was the first man in Florida to build a cypress tank, and he was for many years employed on the old F. C. & P. to construct them throughout this State along their lines.

His funeral occurred at Waldo Monday and was largely attended by the numerous friends of the family there.

Hunters Return.

The Gulf Hammock hunting party, comprising E. A. O'Neill, Lee Graham, Geo. P. Morris, J. W. McCollum and others, have returned from the wilds of that place and report having a pleasant trip with plenty of small game bagged.

A Speaker Worth Hearing.

Rev. Dr. A. L. Phillips of Richmond, Va., who is to be one of the leading speakers at the Bible Conference on Tuesday, Wednesday, Thursday and Friday of the present week, is a distinguished man in his department of Christian work. He is the general superintendent of Sunday schools and Young People's Societies of the Presbyterian Church of the South.

Dr. Phillips is a man of decided ability, force and enthusiasm. He is the very impersonification of energy and earnestness. These qualities, with his long and large and varied experience and practical spirit, constitute him a speaker well worth the hearing of the Gainesville public.

Removed to Miami.

Henry Futch and wife have removed to Miami, where they will make their future home. Mr. Futch has been the Richmond representative of the National Packing Company for the past year, and he has now been promoted as manager of the Miami branch. They left yesterday for their new home after having spent some time here with relatives.

NINETEEN SOLID CARS OF COTTON SHIPPED

FROM SANTA FE STATION THIS SEASON.

Farmers of Northern Alachua Are in Good Condition, With Plenty of Hog and Hominy.

SANTA FE, Jan. 25.—The long cotton growers of this and Bland section, through Capt. J. L. Mathews, made another large sale of cotton last week, which takes the larger bulk of the cotton of 1908. The sale was made to the Brantley Company of Blackshear, Ga., at 17 and 18 cents, which is below the price of production, though the best that could be done. It took ten solid cars to carry it off. The previous sale took nine solid cars, making in all nineteen solid cars, besides some local shipments from this station. Who will say that Santa Fe is not in the cotton belt?

The amount received by the farmers for the cotton sold last week will put near $20,000 in circulation in this community alone. The farmers in this part of the community are as a rule in good shape, with full smoke houses and barns, which assures them of hog and old hominy, with good schools, churches and lands, but, alas! sorry public roads.

The farmers are busy preparing for another crop. Rain is badly needed, in fact, stock is suffering for water, as only in the immediate vicinity of the river or spring branches can they get sufficient water, unless watered from wells.

James and John Holder of Citronelle are visiting relatives here this week.

Santa Fe is in need of a better and larger depot and warehouse. The make-shift that we have is an eye sore to this intelligent community For the amount of freight handled here we think the company could and should give better facilities for the comfort of the shippers and the traveling public.

SATURDAY NIGHT'S CONCERT.

Theodore Human Will Appear in the City Again Soon.

Last Saturday night will ever linger in the minds of Gainesville's music lovers as a memorable one, it being the first concert of Theodore Human, the famous violinist, in this city, the noted artist being assisted by several of our leading musicians. The concert, which was given for the benefit of the Holy Trinity church, was opened by Theodore Human playing the "Zigeunerweisen," by Pablo de Sarasate. This piece, as peculiar to the Hungarian compositions, abounds in stirring passages, ringing chords, and through the whole is heard a suggestive melancholy melody of exquisite sweetness. The playing of this difficult piece reveals Theodore Human as a true artist and perfect musician.

Next heard by the delighted audience was Rossini's Overture to the Opera "Tancred," played with much brilliancy by the two accomplished pianist, Mrs. Becker and Miss Ida C. Burkhim. This sparkling number was appreciated by the listeners, who displayed their delight by applauding the talented ladies roundly.

Then came the wonderful Scene Delirante (The Delirium Scene), from the Hungarian Opera of Erkel, "Bank Ban," a weird and unusual number which we understand is a composition but seldom attempted by any but the very highest cultured and leading violin virtuosos, the technique and soulful powers required being tremendous. As the famous musician interpreted this gigantic music the audience fairly gasped—the melancholy ravings of the deserted lover were heard, her pathetic laments, her wild outcries amid heart-stirring and fiery chords, was something beyond the power of pen to describe, and Theodore Human will never be forgotten. Prof. Human has traveled and lived in Hungary, and has thus had the opportunity of mastering the subtle Hungarian and Gypsy melodies, which accounts for his marvelous interpretations of the Magyar music, as "Bank Ban," for instance.

Dr. Waldo, always a favorite, then sung the splendid operatic selection, "La Juive," and his bass voice expressively discoursed the beautiful aria. The Doctor was repeatedly applauded for his fine number. Dr. Waldo was accompanied by Miss Myrtle Fennell, who is well-known as a decidedly clever pianist.

Amid much applause Theodore Human again took the platform, this time playing the beautiful "Romance" by Godard. In response to the enthusiastic recall Prof. Human graciously consented to an encore, and this time captivated his listeners with Weiniawski's "Mazurka."

This was really the end of the program, but the fascinated music lovers lingered still, and Theodore Human for a finale played the difficult "Rondo Capriccioso," by the immortal French composer, Saint Saens. This is another selection that is especially intricate, abounding in delicate thrills, dashing passages, with a theme of sadness straining through the serious melody, accentuated with a brilliant staccato. Human's tone is of a pure, liquid quality, and his audience feel an indescribable awe in listening to his sublime playing. He was accompanied during the evening by Miss Frederikka Mordt, one of Jacksonville's finest musicians.

Upon the close of the memorable event many of the listeners rushed to meet the distinguished musician, who expressed his pleasure at being in such a hospitable and music-loving city.

It is the earnest desire of those who managed this concert to give Gainesville another opportunity of hearing this celebrated violinist, and it was proposed that a large concert be arranged, to be composed of Theodore Human and local musicians, to be given within about two weeks, directly after the Bible Conference.

The ladies of the Woman's Guild certainly deserve credit for their entertainment and zeal in giving such a great event as Saturday night's and at a special meeting today (Tuesday) they will very probably complete arrangements for the future interesting concert.

Painting the Building.

Means & Gerdine have secured the contract of painting the National Odd Fellows Sanitarium, and began their work Monday. The entire of the exterior of the building will be painted, which will make it compare with the interior finishings of the hospital.

No Mayor's Court.

There was no mayor's court on Monday morning, the same being adjourned until next Friday. There were several small cases to come before the mayor, including one which was put off from last Monday's session.

NEGROES SING TAFT A JOYOUS FAREWELL

President-Elect Leaves Charleston For His Trip To the Panama Canal Zone.

CHARLESTON, S. C., Jan. 25.—The Panama trip of President-elect Taft and party began at 8:30 o'clock this morning, when Mr. and Mrs. Taft boarded the cruiser "North Carolina" in Charleston harbor. The trip will end at New Orleans, February 13. At South Pass, 100 miles below New Orleans, Mr. Taft's party will be transferred to the scout cruisers "Birmingham" and "Salem" for the trip up the mouth of the Mississippi river. This arrangement has been made that the "North Carolina" and "Montana" may escort the Atlantic battleship fleet into port on its return from its world cruise.

Mr. Taft's immediate party, which sails on the North Carolina, includes besides himself and Mrs. Taft, Assistant Secretary Dendall Michler, L. C. Wheeler, secret service operative; and the following eminent civil engineers: Frederick P. Stearns, Boston; John R. Freeman, Providence, R. I.; James D. Schuyler, Los Angeles, Cal.; Ischam Randolph, Chicago; Henry R. Allen, Chicago; A. P. Davis, Washington, D. C.; and Allen Hazen, New York, and Monice Lopez, Mr. Taft's Filipino valet. The passenger list of the "Montana" includes eight newspaper correspondents and Mr. Richard Jarvis, of the Secret Service.

Mrs. Taft, Senator P. C. Knox and Frank H. Hitchcock and the engineers reached here Sunday morning. Mr. Taft attended service at the Unitarian church and spent the balance of the day in the country, carrying out a program of enjoyable automobiling, lunching and dining. Messrs. Knox and Hitchcock accompanied Mr. Taft, besides the engineers and distinguished citizens of Charleston.

Four People Ride to Death On a Colorado Avalanche

GRAND JUNCTION, COL., Jan.25.—Four men were killed and more than a score had narrow escapes from death when an avalanche of snow swept over the Camp Byrd mine at Ouray late yesterday. The four men were talking in the clock house when almost without warning thousands of tons of snow, rocks and dirt swept down the mountain side. The party was directly in the path of the avalanche and the men were hurled into the canyon and covered with snow.

Caught in the steep mountain trails by the blizzard which raged all day are eight six-horse teams and the Camp Byrd bullion stage, carrying $6,000 in gold and many passengers. Great anxiety is felt for their safety.

The avalanche came down the mountainside with irresistible force. The men working in the mine fled for their lives, but the shaft building was not in the path of the slide.

A teamster saw the slide coming and made a desperate effort to drive out of the way. He was caught and buried. His dog rushed at the snow, began to dig furiously and kept at it until he reached the buried man, who crawled out unharmed.

"Dad" Austin, hero of many a wild ride through the mountains and one of the best stage drivers in the West, heard the slide when it started. He was driving a six-horse stage filled with people and the horses were plunging along at a gallop when he recognized the sound. Instantly he threw all his weight on the brake and succeeded in stopping the stage on the very edge of the avalanche. The two leaders were cut off by the mass of snow and debris and carried down the canyon hundreds of feet below.

Baby Was Only One to Escape from Murderers

AMITE CITY, La., Jan. 25.—Sheriff Saal returned to Amite City last night with Avery Blount as a prisoner and brought the details of the shooting Friday night at Tickfaw in which two women and a man were killed. The parish is being searched for Garfield Kinchen, alleged to be implicated in the shooting. A lynching party is feared.

It is alleged that last night as Benjamin Breland, his wife and Mrs. Joseph Everett, the latter carrying an infant in her arms, were making their way homeward along one of the parish roads, Blount and Kinchen fired on them from the side of the road with shotguns. Mrs. Everett fell with her baby into the road, her head blown almost off. Mrs. Breland's breast was torn off by one of the volleys and Breland fell at the first fire.

Young people driving home from a party found the baby crawling among the bodies. Breland was still living and was able to murmur the name of Kinchen before he died.

Blount last night said that Kinchen killed Breland, but would not say who killed the women.

Mrs. Everett's husband was killed by Ben Kinchen, a brother of Garfield, several days ago and the widow and her baby were making their home with the Brelands.

BIBLE CONFERENCE OPENS ON SUNDAY

LARGE TABERNACLE WAS FILLED FIRST NIGHT OF SESSION.

Music at Conference Proving a Drawing Feature, and Much Good is Anticipated from the Meetings.

The regular Winter Bible Conference which has been a feature of the winter entertainments for the past four years starts off under the most favorable circumstances, and much good is expected to result from these meetings, as interesting workers have been secured to be with us.

Another and very important part of the work this year will be the high-class music in connection with the meetings. The choir, under the leadership of Profs. J. Lincoln Hall and Irvin H. Mack, will surpass former occasions.

The attendance at the opening on Sunday night was the largest ever witnessed at a similar meeting, the large tabernacle being filled with people, all of whom took a deep interest.

Dr. H. C. Morrison, Bishop of the Methodist Episcopal Church, South, preached the opening sermon, which was highly appreciated by the large congregation.

A solo by Prof. Hall at this service was also a feature that was highly enjoyed.

On Monday at 3:30 p. m. Bishop Morrison again delivered an interesting sermon, which was followed in the evening by Rev. C. B. Wilmer, D. D., of St. Luke's Protestant Episcopal church of Atlanta.

Today's program will consist of the studying of the Bible, which will commence each day at 10 a. m. There will also be a conference of the Young People's Work, besides addresses by Dr. A. L. Phillips and others.

The Bible study work will be under the charge of Rev. George E. Guille, pastor Green Street Presbyterian church, Augusta, Ga.

A LIBERAL OFFER

J. W. McCollum & Co. Guarantee to Cure Dyspepsia---If They Fail The Medicine Costs Nothing.

To unquestionably prove to the people of Gainesville that indigestion and dyspepsia is curable and that Rexall Dyspepsia Tablets will effect the cure, we will furnish the medicine absolutely free if it fails to give complete satisfaction to anyone giving it a trial.

The remarkable success of Rexall Dyspepsia Tablets is largely due to the new and successful method of manufacture, whereby the well-known properties of Bismuth, Subnitrate and Pepsin have been combined with carminatives and their agents.

Bismuth Subnitrate and Pepsin are recognized by the entire medical profession as specifics for acute indigestion and dyspepsia.

The pepsin used in Rexall Dyspepsia Tablets is manufactured by a new process which develops its greatest efficiency. Pepsin supplies to the digestive apparatus one of the most important elements of the digestive fluids and exerts a tonic influence upon all the glands which supply all the other elements necessary to proper assimilation and digestinon.

The carminatives add properties which promptly relieve the disturbances and pain caused by undigested food.

The perfect combination of these ingredients make a remedy absolutely incomparable and invaluable for the complete cure of indigestion and dyspepsia.

We are so positively certain of this that we sell Rexall Dyspepsia Tablets on our own personal guarantee that they will either cure you or cost you nothing. Three sizes, 25c, 45c and 89c. J. W. McCollum & Co., corner East Main and Union Streets.

DORSEY AND THE COW.

Pet Animal Eats All Cereal Ads Placed on Bill Board.

While everybody realizes that W. S. Dorsey is a good grocer, because he has proved himself to be, there are few if any of our good people who know that he has a hypnotic influence over dumb animals, as has been demonstrated upon two occasions. We do not attempt to intimate that Mr. Dorsey's mind is no better than the average pony, horse or cow, but really a great improvement, since they have got to thinking as he has.

About three years ago Mr. Dorsey, who is very fond of the animal kingdom, owned a mule to which he was very fondly attached. While he had the time he devoted some attention to this mule, taking the personal responsibility to give the animal his daily food and water. The animal finally "caught on," and if his master was not on time and it was thirsty, all the mule did was to go to the pump, grasp the handle in its teeth and pump whatever was necessary to satisfy its thirst. Mention of the remarkable feats of this dumb animal was made at the time.

But while this was great and attracted the attention and admiration of the community, Mr. Dorsey has something to offer which now far excels this creature of the dumb animal family. The mule having passed to a point beyond being petted, was left to his own destiny, and Mr. Dorsey took as his pet a cow. He fed this cow on the choicest of feed, and there is no other reason to account for it than that, while feeding her from his hand the various boxes of food stuffs and cereals, the animal had noticed the labels and developed certain weaknesses for certain foods. The result is now that Bill Poster N. E. Benson, who owns a board in the lot where the cow is accommodated, cannot post certain brands of cereals which are illustrated on the stand, as they will not stand until the paste is dry. The cow, recognizing the illustration of the brand, makes haste to get away with it, with the result that Mr. Dorsey declares his feed bill for this particular cow has fallen off twenty per cent, while Bill Poster Benson's contract for keeping the board covered has decreased almost an equal amount.

Benson don't like it, but he must settle with the cow.

"I suffered habitually from constipation. Doan's Regulets relieved and strengthened the bowels, so that they have been regular ever since."—A. E. Davis, grocer, Sulphur Springs, Tex.

THE PIANO CONTEST GROWS IN INTEREST

OVER 100,000 VOTES POLLED SINCE LAST COUNT.

Interest Centers in Leading Candidates—Complaint Against Soliciting—Leaders Did Not Change.

In round numbers yesterday was the banner day in the piano contest, 103,495 votes being cast since Saturday afternoon's count, of which Miss Bessie Dupree received the largest number of any one candidate.

Complaint is made to The Sun that soliciting of votes is permitted at some of the stores connected with the contest. This is against the rules and entirely wrong. No candidate or their friends should be permitted to solicit votes at the stores. It is not fair to the other candidates, and should be stopped at once. Let each candidate have an equal showing, and the prize go to the one who has earned it.

Following is the standing of the candidates up to 4 o'clock yesterday afternoon.

Electric Theatre.

New Moving Pictures, each afternoon and night, except Sunday.

At The Baird Theatre.

"Peck and His Mother-in-Law Abroad" was presented by a capable company under the management of Charles Selvin at The New Baird Theatre last night. There are a number of laughable situations in the play, and altogether the audience seemed pleased.

The specialties proved enjoyable, being new and catchy, and added to the evening's program to a considerable degree.

Electric Theatre.

"After Many Years" was a highly pleasing picture shown at the Electric Theatre last night, being one of a large number secured for the exhibitions during this week. Every night there will be a new collection of excellent reels shown and those who attend may rest assured they will receive even more than their money's worth.

Additional seating capacity has been added to the hall in the way of comfortable benches with high backs, an improvement which will be appreciated.

GAINESVILLE IS LIKED BY NORTHERN PEOPLE

WINTER VISITOR DESCRIBES SOME OF CITY'S ADVANTAGES.

Beauty of the City is in Her Shade Trees and Handsome Residences. Our Pure Drinking Water.

(Robt. Cooper in Utica, N. Y., Press.)

Thinking some of the friends of Hannibal Gray, wife and two daughters and of Mrs. Cooper and myself might be interested in hearing from us, I send a few lines about our winter home.

Gainesville is 65 miles southwest from Jacksonville, Fla. It is said that few cities in the State can compare with Gainesville in advantages, location and natural surroundings. When the city was first thought of the matter of health was considered and a location on the highest point in the county was planned, giving opportunity for natural drainage. The builders had no thought of other good things provided by nature until later years, when they began searching for that greatest of blessings, good water, and discovered wonderful springs of pure water near the corporate limits, which supply the city for domestic purposes and fire protection. Chemical analysis proves this water to be equal to any in the United States. There is a water system which was installed by the city, by which water is brought to the home at small cost. This system cost $60,000 and I think all cities ought to own their own water works.

The beauty of Gainesville is in her shade trees and residences. Many of her broad streets are lined with towering oaks that furnish abundance of shade and many of the streets have three rows, one on each side and one in the center, making them have the appearance of beautiful parks. They tell us the time to see the city is in the spring, for it is then that all nature seems to pour forth its notes of praise. It is said no city in Florida averages more wealth and comfortable homes. Its population is between 8,000 and 9,000. All kinds of business is done here and there are agencies for all concerns. The land if properly cultivated produces Sea Island cotton, short cotton, corn, cane, oats, rice sweet and Irish potatoes, cabbage, lettuce, etc. Most of the vegetables are now in market.

Gainesville has 14 churches, seven for whites and seven for colored people. It has two bottling works, two carriage and wagon shops, one daily, one twice-a-week paper and one weekly paper. Three railroads come here and there are four banks, which, by the way, pay 4 per cent on small deposits. There are many well-filled stores, embracing everything in the commercial line, and there are fine schools. The University of Florida is here and in connection with it an experiment station for the government. The weather thus far compares favorably with our summer, nights are cool, but we sleep with windows up. There are no saloons here.

Returns With Bride.

Mr. J. W. Milligan and bride have arrived in the city and are now pleasantly located at the boarding house of G. J. Mixon in Northwest Gainesville. Mr. Milligan is one of the employees of the Gainesville Foundry and Machine Works, and only a few of his most intimate friends were aware of his intentions until he returned to the city yesterday accompanied by his bride, an attractive young lady of Brooksville, Fla.

Merchants Used Hose.

In the absence of the street sprinkler, which should be placed on the street every day during these dry times, the merchants came to the relief of the situation yesterday by sprinkling in front of their places as best they could with small hose. Of course this allayed the dust to some extent, but it is still very disagreeable and not only affects pedestrains who are compelled to travel, but damages goods.

The Meanest Man in Town

Is the one who always wears a frown, is cross and disagreeable, and is short and sharp in his answers. Nine cases out of ten it's not the poor fellow's fault, it's his liver and digestion that make him feel so miserable—he can't help being disagreeable. Are you in danger of getting into that condition? Then start at once taking Ballard's Herbine for your liver—the safe, sure and reliable vegetable regulator. Sold by W. M. Johnson.

Jolly Hunting Party.

Commodore R. W. Beall, Dr. J. A. Batton and Morgan Higginbottam left yesterday for Trenton, where they will pitch tent and remain in camp for some time enjoying the fine hunting in that section. They will be joined later by Dr. Herzog, who will spend a few days with them in the woods.

Too Much Face.

You feel as if you had one face too many when you have neuralgia, don't you? Save the face—you may need it, but get rid of the neuralgia by applying Ballard's Snow Liniment. Finest thing in the world for rheumatism, neuralgia, burns, cuts, scalds, lame back and all pains. Sold by W. M. Johnson.

New Cigar Factory.

Another new cigar factory has been started in Gainesville, this being Castro & Hutchinson. They started up in the business enterprise yesterday. They anticipate working about five hands in the manufacture of their goods and will place them here and over the county generally.

Feel languid, weak, run-down? Headache? Stomach "off"?—Just a plain case of lazy liver. Burdock Blood Bitters tones liver and stomach, promotes digestion, purifies the blood.

ALACHUA COUNTY TO BE AT THE STATE FAIR

MAJ. TENCH COLLECTING EXHIBIT FOR COUNTY AT LARGE.

Already Has About Two Carloads of Exhibit Together—Experimental Station to Have An Exhibit.

Gainesville and Alachua county will be represented at the coming State Fair to be held at Tampa.

This fact has been brought about by the hard work of Major J. W. Tench, who has been quietly securing exhibits for the past several weeks for this mammoth show in the South Florida city.

That he has been successful is better proven by the large number of exhibits he has already secured, which it will require two solid cars to transport. Besides this the Experimental Station will contribute another solid car, making three cars already secured, and the promise of a great many more articles that have as yet not been secured.

The exhibit will be composed largely of agricultural products, but some of the factories and mines will be represented in the exhibit, together with some fruits. The Major is highly pleased with the success he has made in getting this enterprise so far advanced without the aid usually extended to the promoter of such a worthy cause.

Alachua county can and always has made a creditable showing in the agricultural line, and this exhibit will be no exception to the rule, as Major Tench claims to have this exhibit especially complete.

Scientific Spanking

Consists in punishment only when a child is actually bad. Some mothers think that all crying is badness—it's not. When your baby cries, look for pins or some external cause; if you can't find them give the baby White's Cream Vermifuge, as the chances are it is suffering from worms which keep it hungry and cross all the time. Pleasant to take—sure in its action. Price 25 cents. Sold by W. M. Johnson.

For City Marshal.

I respectfully announce myself a candidate for the office of City Marshal, to be voted for at the election on April 13, 1909. If elected I will faithfully discharge the duties of the office without fear or favor. I respectfully solicit the votes of all, irrespective of party affiliation.

Forced Draft Realism.

"How is it that Scribbler's novels thrill with such vital, gripping, realistic portrayal of human passions?" asked Danks.

"Well," said Hanks, "when he gets ready to write a novel he orders a general house cleaning, sends for the plumber to fix the gas jets and for the tinner to fix the stovepipes, bids his little daughter to stay at home to practice five finger exercises, hires a street piano to play German, Irish and Italian national airs in front of the house and tells his wife that her family is not as good as his own. Then he sits and takes notes of what happens."—Brooklyn Life.

Have only one doctor—just one

No sense in running from one doctor to another! Select the best one, then stand by him. No sense in trying one thing, that thing, for your cough. Carefully, decide after test the best cough medicine, then take it. Stick to it—that's your doctor. Just Ayer's Cherry Pectoral for throat and lung troubles.

S.S.S. BEST TREATMENT FOR CATARRH

S. S. S. is the best treatment for Catarrh because it is a perfect blood purifier. It is the only medicine that is able to get down into the circulation and entirely remove the catarrhal matter and impurities which produce the trouble. As long as the mucous membranes and tissues are kept inflamed and irritated by this impure and infected condition of the blood Catarrh will remain. Its disagreeable and dangerous symptoms, of ringing noises in the ears, mucus dropping back into the throat, headaches, watery eyes, difficult breathing, and even stomach disorders and weakened health, cannot be permanently relieved until the blood is purified. Nothing equals S. S. S. for this purpose. It goes down to the very root of the trouble, and removes every particle of the catarrhal matter from the blood and enriches this vital fluid so that all the mucous surfaces are supplied with nutritive, healthful qualities, instead of being constantly irritated and inflamed by impurities in the circulation. Then the symptoms begin to pass away and when S. S. S. has entirely purified the blood, Catarrh is permanently cured and the general health greatly built up. Book on Catarrh and any medical advice desired sent free to all who write.

NEWS FROM ALL PARTS OF FLORIDA

The Polk County Fair, which came to a close at Lakeland last Saturday, was a great success.

The House Committee on Appropriations has voted $507,100 for the protection of forts Pickens and McRae at Pensacola.

Pensacola will have a grand carnival in February. The Pensacola Carnival Association will purchase Mardi Gras costumes and all paraphernalia necessary.

The authorities of St. Johns county have started out in earnest to improve their roads. The main highway running from the north to the south will receive first attention.

Mrs. Allen C. Howell was relieved of her purse containing $52 and a number of valuable trinkets in Jacksonville by a skilled crook by clipping the chain to which it was attached.

The city council of Pensacola has awarded a contract for the construction of ten miles of concrete sidewalks to Whiddon & Kennedy, of Birmingham, Ala., at 10 cents per square foot.—St. Augustine Record.

Prospective purchasers of land in the Sanford district are apt to think the price per acre for uncleared land is exorbitant as compared with land in other sections of Florida. But the price paid for this same land, after it is ready for cultivation, more than pays for the expense incurred. Last week Artie Smith sold eight acres of land on the west side, near Rand's siding, for $11,000. The land was purchased several years ago and put in good condition, and at the time of the sale had a good crop of vegetables, which will net the purchaser a neat sum. Where could you buy land, improve it and make a profit in two year's time?—Sanford Herald.

Some one entered the store of Brown & Son at Hastings last Saturday morning about 3:30 o'clock and secured eleven pairs of trousers, one box of shirts, one box of hose, and a pair of $3.50 shoes. About this time Mr. D. A. Wimtermute, who was sleeping upstairs, heard him jump out of the window by which he had entered. He raised the window immediately over the thief and began shooting at him as he ran. It is not certain whether he hit him or not, but he did his best to. The rogue was not able to carry anything with him, as he was in a hurry. This is the third time that someone has entered this same store, but they think it will be the last time a man gets off so easily.

MI-O-NA

RELIEVES STOMACH MISERY ALMOST IMMEDIATELY.

If the food you ate at your last meal did not digest, but laid for a long time like lead in your stomach, then you have indigestion and quick action should be taken.

Of course there are many other symptoms of indigestion, such as belching up of sour food, heartburn, dizziness, shortness of breath and foul breath, and if you have any of them, your stomach is out of order and should be corrected. Mi-o-na tablets have cured thousands of cases of indigestion and stomach trouble. If you have any stomach distress Mi-o-na will relieve instantly.

But Mi-o-na unlike most so-called dyspepsia remedies, does more than relieve; it permanently cures dyspepsia or any stomach trouble by putting energy and strength into the walls of the stomach, where the gastric juices are produced.

A large box of Mi-o-na tablets costs but 50 cents at J. W. McCollum & Co's. and are guaranteed to cure or money back. When others fail, Mi-o-na cures. It is a producer of flesh when the body is thin; it cleanses the stomach and bowels; purifies the blood and makes rich red blood.

Where Chess Is Most Popular.

Games may come and games may go, but chess bids fair never to lose its popularity. Nowhere else is it so popular as it is in the village of Strobeck, near Halberstadt, in Prussian Saxony. Some time in the eleventh century Count Gunnelin, held a prisoner in a stone tower in the village, amused himself by carving a set of chessmen and teaching the game to his jailers. The tower, which still stands, is known as the Chess tower. The jailers taught the game to their friends, who were so pleased with it that they devoted all their spare time to practice. This delight in chess continues to the present in Strobeck. Every person plays. The village hotel is called the Chess inn, tournaments are held every year, and prizes are given to the best players. If a young man goes to an adjoining village for a wife who cannot play chess he must pay a fine, to be used toward the expenses of the next tournament. This subtle ordinance has spread a knowledge of the game among the young ladies of all the surrounding villages.

Bruges.

What is the right pronunciation of this word? It is usually pronounced by English people as if it were French, with a soft, sibilant g, and in one syllable. Is there any justification for this? In the first place, why is it not Anglicized, like Waterloo? And if not English, why French? Why not Flemish? In Bruges itself you do not hear the French pronunciation. It is the Flemish—Bru-ya. Ask at the station if this is Bruges (a la Francaise), and they will hardly understand you. They will say, "It is Bru-ya." In Longfellow's "Carillon," and also in "The Belfry of Bruges," the word has two syllables. Is this intended to be read with the Flemish pronunciation (Bru-ya) or in the English fashion (to rhyme, say, with "subterfuges")? It cannot be the French. It may be said that an American poet is no rule for English people, but the word also occurs, I believe, in one of Browning's [illegible] I cannot remember which) with two syllables.—London Notes and Queries.

THE DOCTORS.

Tribute to the Nobility of the Medical Profession.

To enter the medical profession is to find oneself in most noble company. When Dante was led by Virgil into the presence of "the master of them that know" he saw Aristotle surrounded by a group of the sages of antiquity. Look at them as they are introduced one by one, and you will see that a fourth of them bear names illustrious in medicine. To take note of but one—Hippocrates is there. The student will not turn to his pages now to learn what has to be taught in modern text books or class rooms. Yet he will do well to lay to heart the spirit that guided "the father of medicine" in drawing up the oath imposed on the students of the Hippocratic school. "With purity and with holiness," the candidate was made to swear, "I will pass my life and practice my art. Into whatever houses I enter I will go into them for the benefit of the sick, will abstain from every voluntary act of mischief and corruption."

In the long succession of those who have enlarged the bounds of his science the student will meet with a great army of men who have kept the spirit of that oath under higher sanctions than were open to the pioneers whom the mediaeval poet consigns to a place in his inferno because, though blameless of sin, they had not been baptized.—Sir Alexander Simpson in London Quiver.

The Old Egg.

"New York is no longer young and unsophisticated," said a man who has visited all the old world capitals. "She has now all the weariness and vice of Paris, London and Rome. They who still speak of New York as young, childish, innocent, remind me of Lord Exe of the Carlton.

"Lord Exe, at seventy, tried to lead the life of a youth of twenty-five. He dyed his hair, wore a corset and frequented the music halls, Piccadilly circus and the Burlington arcade. One afternoon as he drove from the Carlton in his brougham a member said, smiling:

"'There goes Exe. He told me over a whisky and soda just now that he felt as fresh as a two-year-old.'

"Another member sneered.

"'He probably meant a two-year-old egg,' he murmured."—New York Sun.

Natural Kindness.

At an out of the way railroad junction a traveler found himself hungry, but with only two minutes to spare before his train left. "I'll take a cup of coffee," he said to the young woman in charge of the restaurant. "I've no time for anything else."

"You can take all the time you want, sir," said the young woman cordially. "You look at this bill of fare, and I'll telephone to the superintendent to delay the train a little while."

"Why, can that be done?" asked the traveler in amazement.

"Certainly," said the young woman. "Of course it can. It's a branch road and no other train coming or going over it today, and the superintendent would want you to have a good meal. He owns this restaurant."—Youth's Companion.

The Influence of Bath.

Is there any town in the world that has so imposed itself as much as Bath upon the life and language of the nation? For some there are Bath buns, for others Bath Olivers, and the militant ladies who find the buns too soft may throw Bath bricks at office or other windows if they disapprove of the Bath chaps. When we become infirm it is the Bath chair we seek. And that "thousand years" of the middle ages "without a bath" seems now horrible.—London Chronicle.

Adam's Apple.

The projection in the front of the throat in men, denoting the position of the thyroid cartilage, is styled "Adam's apple." It develops rapidly usually when the voice "breaks," being comparatively small in both children and women. The name arose from the tradition that when Adam attempted to swallow the apple in paradise it stuck in his throat, giving rise to the swelling since seen in all his adult male descendants.

A WOMAN TO BE PRETTY

Must Have Luxuriant and Glossy Hair, No Matter What Color.

The finest contour of a female face, the sweetest smile of a female mouth, loses something if the head is crowned with scant hair. Scant and falling hair, it is now known, is caused by a parasite that burrows into the scalp to the root of the hair, where it saps the vitality. The little white scales the germ throws up in burrowing are called dandruff. To cure dandruff permanently, then, and to stop falling hair, that germ must be killed. Newbro's Herpicide, an entirely new result of the chemical laboratory, destroys the dandruff germ, and, of course, stops the falling hair, and prevents baldness. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

THE BOY WHO FIGHTS.

(Pensacola Journal.)

The following editorial from The Cincinnati Post comports so thoroughly with The Journal's own ideas on the subject that despite the possibility of criticism, we cannot refrain from publishing it here and with our full endorsement. The Post says:

The maiden ladies of advanced age who alone know all about the way children ought to be brought up, will no doubt go into spasms of indignation over a Chicago police judge's discharge of a 12-year-old boy, brought before him for fighting. For the discharge of the boy is not the judge's only offense. He congratulated the boy on his victory over a larger boy, who had been bullying him, and added:

"Go back and do it again, if he bothers you any more, and if they have you arrested again I'll turn you loose once more. I like to see a boy who isn't afraid to fight his own battles, and it's a shame for him to be brought into police court."

This must be simply paralyzing to the minds of old maids of both sexes.

It may naturally seem wrong to many well-intended mothers, whose natural affection is greater than their knowledge of the needs of developing boys.

But the judge's advice is human and sensible.

The boy who will not fight when bullied or imposed upon will be no good when grown up.

He will be imposed upon all his life.

Other men will use him for their own purposes, and he will be a negative quantity until his final submission to the last common enemy.

It is every boy's instinctive disposition to defend himself against imposition. If he fails to do so, it is very likely to be because he is too cowardly, not too moral, to fight.

In the absence of courage, he is very apt to resort to cunning and treachery, get his revenge in secret and despicable ways, and grow up a hypocrite and sneak.

Let the boy bravely fight out his own battles.

A skinned nose or a bruised lip won't hurt him much, and he won't damage the other fellow—much.

Despised above all things in this world—and particularly in the juvenile world—is one who won't fight.

Every boy, however, should be trained up to know that it is as cowardly to fight a smaller or weaker companion as it is to run from an equal. There is a difference between the manly boy who will fight when he is imposed upon, and the bully who spends his time teasing and annoying other boys who are not as strong as he. No manly boy will be a bully, but every boy should stand up for his rights, should refuse to allow others to impose upon him, and should fight, and fight hard when necessary, to accomplish either purpose. Such a boy will develop into the right kind of a man.

Farming is easily the most important of our industries. Last year the value of all farm products reached the enormous total of $7,778,000,000, which was four times that of all our mineral products, including the precious metals. Evidently the "poor farmer" is pretty much extinct.

Editor Frank Harris returned last night from a visit of inspection over the Florida East Coast Railway's extension as the guest of Mr. Henry M. Flagler. Mr. Harris went as far as Key West and had a splendid time. He says the company has the road entirely completed to Knight's Key and the great concrete and steel trestle is as solid as the rock itself and absolutely safe in any wind or sea. Mr. Harris says that 80 per cent of the uncompleted portion of the work is done, the company has 75 acres of terminal land, reclaimed at Key West from the waters of the bay, and are reclaiming 110 acres more. He says the road will be completed and trains running into Key West before 1912.—Ocala Star.

Kidney Trouble Makes You Miserable

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address Binghamton, N. Y., on every bottle.

University City.

Gainesville is conceded to be the most enterprising as well as the most beautiful city in the interior of Florida. It is located in the very center of the State, half way between the Atlantic and Gulf Coasts, surrounded by lands of such fertility as to be capable of producing a great variety of crops; in the heart of the truck-growing, phosphate and naval stores belt. She has the best educational advantages in the State, good churches, with edifices which are superior to any town of its size in Florida, with large and consistent congregations; has a climate which cannot be excelled for health and pleasure. All these natural advantages, combined with a progressive and enterprising cosmopolitan citizenship, are sure to make a big city.

There are many natural attractions in close proximity to the city, some of which are Alachua Sink, Paine's Prairie, the Devil's Mill Hopper, Warren's Cave, and Lake Newnan, all of which are reached by private conveyance.

Spring Park Stock Farm, the largest and finest live stock farm in the State, is only eight miles west of the city and is reached by a good hard road, affording a most pleasant drive.

The farmers of Alachua county, of which Gainesville is the county seat, "live at home and board at the same place." The temperature is very uniform, scarcely ever reaching the nineties in summer or the twenties in winter. The population of Gainesville is about eight thousand, representing nearly every nationality on the face of the earth, and strangers always meet with a hearty welcome.

The University of Florida for young men and the National Agricultural Experiment Station are located within the corporate limits of the city. In fact, Gainesville has so many things that we must be pardoned if we omit a few of them in the following enumeration of what

Woman's Power Over Man

Woman's most glorious endowment is the power to awaken and hold the pure and honest love of a worthy man. When she loses it and still loves on, no one in the wide world can know the heart agony she endures. The woman who suffers from weakness and derangement of her special womanly organism soon loses the power to sway the heart of a man. Her general health suffers and she loses her good looks, her attractiveness, her amiability and her power and prestige as a woman. Dr. R.V. Pierce, of Buffalo, N.Y., with the assistance of his staff of able physicians, has prescribed for and cured many thousands of women. He has devised a successful remedy for woman's ailments. It is known as Dr. Pierce's Favorite Prescription. It is a positive specific for the weaknesses and disorders peculiar to women. It purifies, regulates, strengthens and heals. Medicine dealers sell it. No *honest* dealer will advise you to accept a substitute in order to make a little larger profit.

IT MAKES WEAK WOMEN STRONG, SICK WOMEN WELL.

Dr. Pierce's Pleasant Pellets regulate and strengthen Stomach, Liver and Bowels.

TELEPHONE TALKS

The Long Distance System

One of the most valuable features of our service, to our subscribers and to the public generally, is our connection with the extensive long distance lines of the American Telephone and Telegraph Company and the other associated Bell Telephone companies.

We own thousands of miles of long distance lines in the seven States in which we operate and in addition can connect any telephone in our system with lines extending to any other city in which a Bell Telephone system is operated.

These long distance lines are of the most modern and improved construction and are maintained at a high state of efficiency. The Bell systems, operating in various sections of the country, are uniform in their equipment and in their methods of operating.

Only by reason of this close traffic arrangement between the Bell Telephone companies is it possible to go to a Bell Telephone almost anywhere, ask for "Long Distance" and be put in communication with almost any point in the country.

This vast network of wires, radiating throughout the nation, is used daily in commerce and for social purposes by the banker, the farmer and citizens in all walks of life and our plant here is an important link in this great chain.

Are YOU Being "Hunted?"

One of today's want ads. may be hunting you—ransacking the city for you. It may have a message for you of urgent personal importance—one that, when you get it, and heed it, may change the immediate currents of your activities, of your interests—may even place around and about you new environments, new associates; may give you an entirely new start in a business way.

Isn't it worth while to try to find out whether this may not be true—today, tomorrow, or very soon?

A WARNING

I have learned that certain persons are representing themselves as my agents, and taking orders for large pictures, claiming I will finish them. In some cases the pictures given them have been lost—pictures of dear ones which cannot be replaced. I have no agents, never did, and never will. I deal directly with my patrons for all work. I cannot afford to pay an agent out of the prices I charge for the high-grade work I do. Bring your enlarging to me and you are not only insured against loss of the original but will have a guarantee of a faithful likeness and an artistic finish.
